

PracticeWell was founded by physicians over 25 years ago with a socially conscious spirit and a clear objective: to build a strong community that makes the delivery of exceptional healthcare more efficient, profitable, and ultimately more rewarding for our members.

## We Help Our Members Help Their Patients.

Every great idea starts with a problem. Ours is simple: healthcare professionals are busy seeing patients and are inundated with medical options, industry innovations, office, and HR management, finances, and more. As practicing physicians (ourselves), we understand the day-to-day challenges facing healthcare professionals. With collaboration, advocacy, and partnership, PracticeWell seeks to provide best-in-class solutions, benefits, and value to ultimately improve and maximize the effectiveness of your practice. As a Benefit Corporation, PracticeWell operates without a profit motive allowing us to provide the highest value to support our membership.

PracticeWell membership is free, saves you time and money with no obligations, and every member joins our collective voice to influence the benefits, choices, and partners that PracticeWell offers.

## We Are Proud Of Our Accomplishments.

To date, PracticeWell members have received over **\$45,000,000** in rebates. Also, **millions of dollars in additional annual savings** are provided to our members through PracticeWell's unique partnerships and benefits.

Groundbreaking pioneers in the space, PracticeWell's management team has over **100 years** worth of experience in the delivery of patient care and remain active within their respective practices.

PracticeWell's growing membership of over **26,000 professionals** across all **50 states** includes all facets of primary care and the specialties that support them.

Our community represents independent private practices of all sizes, integrated health systems, academic health providers, IPAs, supergroups, ACOs, student health organizations, community health clinics, travel health, public health, and more.

PracticeWell is proud to be a Benefit Corporation and has made **\$0.00 in profit** since its inception over 25 years ago. Instead, PracticeWell focuses its efforts to maximize and extend value to the members, enabling the community to reinvest in their practices.

## Our Vision.

Reaching the highest quality of patient care through collaboration, advocacy, and trusted partnerships.

## Our Mission.

To make the delivery of exceptional healthcare less stressful, more profitable, and ultimately more rewarding for our members.

“We believe that a ‘patient first’ approach should guide every decision; each initiative we embark upon seeks to reduce wasted healthcare spending and time so that we can focus on what matters most, our patients.”

Alan Johnson MD,  
President of PracticeWell

## Membership. The Power Of An Engaged & Progressive Community. Stewardship.

Becoming a member of PracticeWell is free, yes free. Sign up is simple and as automated as possible. We want you to join and benefit from becoming engaged with like-minded professionals and an active community, sharing, accessing resources, and knowledge with PracticeWell to impact beneficial change that is long lasting.

## It's Easy To Join PracticeWell!

Sign up and confirm your account today and you can be a PracticeWell member in less than a minute!

Once your membership has been confirmed, choose the benefits your practice would like to begin using or request a practice assessment.

With your benefits selected, you can focus more time and brain power on providing the best possible care to your patients. It's as easy as that.

### PracticeWell. Membership That Works For You.

Our goal is to make daily practice management less stressful, more profitable, and ultimately more rewarding. That's why new benefits are continuously evaluated and added for our members.

Over the past 25 years, PracticeWell (formerly Pediatric Federation) has become one of the largest physician communities in the country, largely through word of mouth. We are building strong partnerships with great companies to offer more value for medical professionals and their practices. By returning our profits to our members in the form of substantial rebates, PracticeWell is committed to helping our members reinvest in their practice. **JOIN FOR FREE TODAY.**
